

SETUP VISIONS – FITTING – DO IT

YOU HAVE TO BE DIFFERENT!

To be successful, you have to be different. Different in at least one of these: **niche, mega-trend, absolute new product, totally sustainable, big-need for health / living / surviving ...**

PROJECT PORTFOLIO

WITH JANUS MANAGEMENT LTD WIN-WIN!

It is of central importance for us that we can do successful business with projects from our portfolio with the support of our business partners.

Therefore, **Janus Management Ltd** must enter into a symbiosis with its projects, its business partners and, ultimately, its target markets. The more successful this is, the greater the probability of finding suitable investors.

This is how we create WIN-WIN situations; all parties involved (project sponsors, business partners, market participants, investors, Janus Management Ltd) benefit!

Inside you will find a few projects, which passed our Due-Dilligence and are as well particularly innovative, trendy and of course sustainable:
